9 EXTERIOR CASEMENT WINDOWS

Item	Description
Material	Pella, insulated, casement, aluminum clad exterior and wood painted interior. No screens provided
Weather-stripping	By window manufacturer

10 ENTRANCES AND EXTERIOR DETAIL

Item	Description
Main Entry Door	Development "standard" custom front door
Other Entry Doors	To be selected by developer
Main Entry Door Sill	To be selected by developer
Other Entry Door Sill(s)	Manufacturer's standard
Main Entry Door Weather-stripping	Manufacturer's standard
Other Entry Door Weather-stripping	Assa Abloy manufacturer's standard, black
Garage Door	Assa Abloy "flush" panel door, black
Garage Door Equipment	Assa Abloy electric opener w/two (2) remote controls

11 CABINETS, VANITIES and MIRRORS

Item	Description
Kitchen Cabinets	To be selected by developer, field painted
Kitchen Countertop(s)	Choose from standard selections or allowance provided (see Section 20)
Kitchen Backsplash(es)	Choose from standard selections or allowance provided (see Section 20)
Bathroom Vanities	To be selected by developer, field painted
Bathroom Vanity Countertop(s)	Choose from standard selections or allowance provided (see Section 20)

12 STAIRS

Part	Material
Primary Stair, Treads	Oak - stained to match hardwood floors
Primary Stair, Risers	Plywood - painted to match trim
Primary Stair, Handrail	Steel - painted

13 PLUMBING

Item	Description
Sanitary Sewer Drops	Cast iron, no hub
Sanitary Branches and Vent Piping	PVC
Water Piping	PEX
Hose Bibbs	Minimum - one (1) at front and one (1) at rear (frost-proof)
Domestic Water Heater	Re-circulating, natural gas, to be selected by developer

14 PLUMBING FIXTURES

Item	Description
Bathroom Shower Fitting(s)	Choose from standard selections or allowance provided (see Section 20)
Bathroom Faucet(s)	Choose from standard selections or allowance provided (see Section 20)
Bathroom Toilet(s)	Choose from standard selections or allowance provided (see Section 20)
Bathroom Tubs	Choose from standard selections or allowance provided (see Section 20)
Kitchen Sink	Choose from standard selections or allowance provided (see Section 20)
Kitchen Faucet	Choose from standard selections or allowance provided (see Section 20)

15 HVAC

Item	Description
Supply Duct	Metal main, flexible insulated distribution
Return Duct	Metal
HVAC	Trane XB90 (furnace) and XR14 (AC) or equal
Additional Gas Services	Provided to each fireplace (2) and a designated point on the rear of the home

DESCRIPTION OF MATERIALS
(continued)

16 ELECTRIC

Item	Description
Service to House	Underground, 400 AMP
Distribution Wiring	Copper
Wire Between Meter and Service Panel	Copper or aluminum
Door Bell/Knocker (front door only)	To be selected by developer
TV	1 to each TV location, wired to data closet
CAT 5	2 pairs wired to 5 locations from data closet
Burglar Alarm	Basic system included in "smart wiring" of house, Control4 (or equal)
